BUDGET

The Board of Trustees recognizes its critical responsibility for adopting a sound budget each fiscal year which is aligned with and reflects the district's vision, goals, priorities, local control and accountability plan (LCAP), and other comprehensive plans. The district budget shall guide decisions and actions throughout the year and shall serve as a tool for monitoring the fiscal health of the district.

(cf. 0000 - Vision)
(cf. 0200 - Goals for the School District)
(cf. 0400 - Comprehensive Plans)
(cf. 0460 - Local Control and Accountability Plan)
(cf. 3300 - Expenditures and Purchases)
(cf. 3460 - Financial Reports and Accountability)
(cf. 9000 - Role of the Board)

The district budget shall show a complete plan and itemized statement of all proposed expenditures and all estimated revenues for the following fiscal year, together with a comparison of revenues and expenditures for the current fiscal year. The budget shall also include the appropriations limit and the total annual appropriations subject to limitation as determined pursuant to Government Code 7900-7914. (Education Code 42122)

Budget Development and Adoption Process

In order to provide guidance in the development of the budget, the Board shall annually establish budget priorities based on identified district needs and goals and on realistic projections of available funds.

The Superintendent or designee shall oversee the preparation of a proposed district budget for approval by the Board and shall involve appropriate staff in the development of budget projections.

The Board shall hold a public hearing on the proposed budget in accordance with Education Code 42103 and 42127. The hearing shall occur at the same meeting as the public hearing on the district's LCAP and the local control funding formula (LCFF) budget overview for parents/guardians. (Education Code 42103, 42127, 52062, 52064.1)

(cf. 9320 - Meetings and Notices)
(cf. 9322 - Agenda/Meeting Materials)
(cf. 9323 - Meeting Conduct)

The Board shall adopt the district budget at a public meeting held after the date of the public hearing but on or before July 1 of each year. The Board shall adopt the budget following its adoption of the LCAP, or annual update to the LCAP, and the LCFF budget overview for parents/guardians. The budget shall include the expenditures necessary to implement the LCAP or the annual update to the LCAP. (Education Code 42127, 52062)

BUDGET (continued)

The budget that is presented at the public hearing as well as the budget formally adopted by the Board shall adhere to the state's Standardized Account Code Structure as prescribed by the Superintendent of Public Instruction (SPI). (Education Code 42126, 42127)

The Superintendent or designee may supplement this format with additional information as necessary to effectively communicate the budget to the Board, staff, and public.

No later than five days after the Board adopts the district budget or by July 1, whichever occurs first, the Board shall file the adopted district budget with the County Superintendent of Schools. The budget and supporting data shall be maintained and made available for public review. (Education Code 42127)

(cf. 1340 - Access to District Records)

If the County Superintendent disapproves or conditionally approves the district's budget, the Board shall review and respond to the County Superintendent's recommendations at a regular public meeting on or before October 8. The response shall include any revisions to the adopted budget and any other proposed actions to be taken as a result of those recommendations. (Education Code 42127)

Budget Advisory Committee

The Superintendent or designee may appoint a budget advisory committee composed of staff, Board representatives, and/or members of the community.

The committee shall submit recommendations during the budget development process and its duties shall be assigned each year based on district needs. All recommendations of the committee shall be advisory only and shall not be binding on the Board.

(cf. 1220 - Citizen Advisory Committees)

(cf. 2230 - Representative and Deliberative Groups)

(cf. 3350 - Travel Expenses)

(cf. 9130 - Board Committees)

(cf. 9140 - Board Representatives)

Budget Criteria and Standards

The district budget shall be developed in accordance with state criteria and standards specified in 5 CCR 15440-15450 as they relate to projections of average daily attendance (ADA), enrollment, ratio of ADA to enrollment, LCFE revenue, salaries and benefits, other revenues and expenditures, facilities maintenance, deficit spending, fund balance, and reserves. In addition, the Superintendent or designee shall provide the supplemental information specified in 5 CCR 15451 which addresses the methodology and budget assumptions used, contingent liabilities, use of one-time revenues for ongoing expenditures, use of ongoing revenues for one-time expenditures, contingent revenues, contributions, long-term commitments, unfunded liabilities, status of collective bargaining agreements, the

BUDGET (continued)

LCAP, and LCAP expenditures. (Education Code 33128, 33129, 42127.01; 5 CCR 15440-15451)

The district budget shall provide for increased or improved services for unduplicated students at least in proportion to the increase in funds apportioned on the basis of the number and concentration of unduplicated students in accordance with 5 CCR 15496. Unduplicated students are students who are eligible for free or reduced-price meals, English learners, and/or foster youth. (Education Code 42238.07; 5 CCR 15496)

(cf. 3553 - Free and Reduced Price Meals)
(cf. 6173.1 - Education for Foster Youth)
(cf. 6174 - Education for English Learners)

The Board may establish other budget assumptions or parameters which may take into consideration the stability of funding sources, legal requirements and constraints on the use of funds, anticipated increases and/or decreases in the cost of services and supplies, program requirements, and any other factors necessary to ensure that the budget is a realistic plan for district revenues and expenditures.

(cf. 2210 - Administrative Discretion Regarding Board Policy)
(cf. 3110 - Transfer of Funds)

Fund Balance

The district shall classify fund balances in compliance with Governmental Accounting Standards Board (GASB) Statement 54, as follows:

1. Nonspendable fund balance includes amounts that are not expected to be converted to cash, such as resources that are not in a spendable form (e.g., inventories and prepaids) or that are legally or contractually required to be maintained intact.
2. Restricted fund balance includes amounts constrained to specific purposes by their providers or by law.
3. Committed fund balance includes amounts constrained to specific purposes by the Board.

For this purpose, all commitments of funds shall be approved by a majority vote of the Board. The constraints shall be imposed no later than the end of the reporting period (June 30), although the actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements.

4. Assigned fund balance includes amounts which are intended for a specific purpose but do not meet the criteria to be classified as restricted or committed.

The Board delegates authority to assign funds to the assigned fund balance to the

BUDGET (continued)

Superintendent and authorizes the assignment of such funds to be made any time prior to the issuance of the financial statements. The Superintendent shall have discretion to further delegate the authority to assign funds.

5. Unassigned fund balance includes amounts that are available for any purpose.

When multiple types of funds are available for an expenditure, the district shall first utilize funds from the restricted fund balance as appropriate, then from the committed fund balance, then from the assigned fund balance, and lastly from the unassigned fund balance.

The Board intends to maintain a minimum assigned and unassigned fund balance in an amount the Board deems sufficient to maintain fiscal solvency and stability and to protect the district against unforeseen circumstances.

If the assigned and unassigned fund balance falls below the level set by the Board due to an emergency situation, unexpected expenditures, or revenue shortfalls, the Board shall develop a plan to recover the fund balance which may include dedicating new unrestricted revenues, reducing expenditures, and/or increasing revenues or pursuing other funding sources.

Reserve Balance

The district budget shall include a minimum reserve balance for economic uncertainties that is consistent with the percentage or amount specified in 5 CCR 15450.

In any year following the fiscal year in which the district is notified by the SPI that the amount of monies in the state Public School System Stabilization Account equals or exceeds three percent of the combined total of general fund revenues appropriated for school districts and allocated local proceeds of taxes, the district budget shall not contain a combined assigned or unassigned ending general fund balance that is in excess of 10 percent of these funds, unless the requirement is waived in accordance with Education Code 42127.01. (Education Code 42127.01)

Long-Term Financial Obligations

The district's current-year budget and multiyear projections shall include adequate provisions for addressing the district's long-term financial obligations, including, but not limited to, long-term obligations resulting from collective bargaining agreements, financing of facilities projects, unfunded or future liability for retiree benefits, and accrued workers' compensation claims.

(cf. 4141/4241 - Collective Bargaining Agreement)

(cf. 4154/4254/4354 - Health and Welfare Benefits)

(cf. 7210 - Facilities Financing)

(cf. 9250 - Remuneration, Reimbursement and Other Benefits)

BUDGET (continued)

The Board may approve a plan for meeting the district's long-term obligations to fund contributions to the California Public Employees' Retirement System (CalPERS) which, to the extent possible, minimizes significant increases in annual general fund expenditures towards pension obligations. The plan may include prefunding required pension contributions through the California Employers' Pension Prefunding Trust Program pursuant to Government Code 21710-21716.

The Board shall approve a plan for meeting the district's long-term obligations to fund nonpension, other postemployment benefits (OPEBs). This plan shall include a specific funding strategy and the method that will be used to finance the district's annual fiscal obligations for such benefits in a manner that continually reduces the deficit to the district to the extent possible. The Board reserves the authority to review and amend the funding strategy as necessary to ensure that it continues to serve the best interests of the district and maintains flexibility to adjust for changing budgetary considerations.

The Superintendent or designee shall annually present a report to the Board on the estimated accrued but unfunded cost of OPEBs. As a separate agenda item at the same meeting, the Board shall disclose whether or not it will reserve a sufficient amount of money in its budget to fund the present value of the benefits of existing retirees and/or the future cost of employees who are eligible for benefits in the current fiscal year. (Education Code 42140)

Budget Amendments

No later than 45 days after the Governor signs the annual Budget Act, the Superintendent or designee shall make available for public review any revisions in budgeted revenues and expenditures which occur as a result of the funding made available by that Budget Act. (Education Code 42127)

Whenever revenues and expenditures change significantly throughout the year, the Superintendent or designee shall recommend budget amendments to ensure accurate projections of the district's net ending balance. When final figures for the prior-year budget are available, this information shall be used as soon as possible to update the current-year budget's beginning balance and projected revenues and expenditures.

In addition, budget amendments shall be submitted for Board approval as necessary when collective bargaining agreements are accepted, district income declines, increased revenues or unanticipated savings are made available to the district, program proposals are significantly different from those approved during budget adoption, interfund transfers are needed to meet actual program expenditures, and/or other significant changes occur that impact budget projections.

TRANSFER OF FUNDS

The Board of Trustees recognizes its responsibility to monitor the district's fiscal practices to ensure accountability regarding the expenditure of public funds and compliance with legal requirements.

The total amount budgeted by the district for each major classification of expenditures, as listed in the California Department of Education's budget forms, shall be the maximum amount which the district may expend for that classification for the school year. (Education Code 42600)

However, when it is in the best interest of the district, the Board may:

1. At any time, adopt a written resolution providing for transfers from the designated fund balance or the unappropriated fund balance to any expenditure classification or between classifications. The resolution shall be filed with the County Superintendent of Schools and the County Auditor. (Education Code 42600)
2. Direct the temporary transfer of monies held in any district fund or account to another fund or account as necessary for the payment of obligations. Such borrowing shall occur only when the fund or account receiving the money will earn sufficient income during the current fiscal year to repay the amount transferred. No more than 75 percent of the maximum amount held in any fund or account during the current fiscal year may be transferred. Amounts transferred shall be repaid in the same fiscal year, or in the following fiscal year if the transfer takes place within the final 120 calendar days of a fiscal year. (Education Code 42603)
3. At the close of a school year, request that the County Superintendent make transfers between the designated fund balance or the unappropriated fund balance and any expenditure classification(s), or balance any expenditure classifications of the district budget as necessary for the payment of obligations incurred during that school year. BIGGS UNIFIED SCHOOL DISTRICT
Biggs, California

FEDERAL GRANT FUNDS

To ensure the lawful expenditure of any federal formula or discretionary grant funds awarded to the district, the Superintendent or designee shall comply with the requirements of the Office of Management and Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (the "Uniform Guidance"), as contained in 2 CFR 200.0-200.521 and Appendices I-XII.

Allowable Costs

Prior to obligating or spending any federal grant funds, the Superintendent or designee shall determine whether a proposed purchase is an allowable expenditure in accordance with 2 CFR 200.400-200.475 and the terms and conditions of the award. The Superintendent or designee shall also determine whether the expense is a direct or indirect cost as defined in 2 CFR 200.413 and 200.414 and, if the purchase will benefit other programs not included in the grant award, the appropriate share to be allocated to the federal grant.

The Superintendent or designee shall review and approve all transactions involving federal grant funds and shall ensure the proper coding of expenditures consistent with the California School Accounting Manual.

Period of Performance

All obligations of federal funds shall occur on or between the beginning and ending dates of the grant project and shall be paid no later than 120 calendar days after the end of the funding period, unless specifically authorized by the grant award to be carried over beyond the initial term of the grant. (2 CFR 200.77, 200.308, 200.309, 200.344)

Procurement

When procuring goods and services with a federal grant, the Superintendent or designee shall comply with the standards contained in 2 CFR 200.317-200.327 and Appendix II of Part 200, and with any applicable state bidding or procurement law or district policy that is more restrictive.

As appropriate to encourage greater economy and efficiency, the Superintendent or designee shall avoid acquisition of unnecessary or duplicative items, give consideration to consolidating or breaking out procurements, analyze lease versus purchase alternatives, consider entering into an interagency agreement for procurement of common or shared goods and services, and/or use federal excess or surplus property. (2 CFR 200.318)

FEDERAL GRANT FUNDS (Continued)

The procurement of goods or services with federal funds shall be conducted in a manner that provides full and open competition in accordance with state laws and district regulations and the following requirements:

1. Any purchase of supplies or services that does not exceed the "micro-purchase" threshold established by the district in accordance with 48 CFR 2.101 may be awarded without soliciting competitive quotes, provided that the district considers the price to be reasonable and maintains written evidence of this reasonableness in the record of all micro-purchases. (2 CFR 200.67, 200.320)
2. For any purchase that exceeds the micro-purchase threshold but is less than the bid limit required by Public Contract Code 20111, the Superintendent or designee shall utilize "small-purchase" procedures that include obtaining price or rate quotes from an adequate number of qualified sources. (2 CFR 200.320)
3. Contracts for goods or services over the bid limits required by Public Contract Code 20111 shall be awarded pursuant to California law and AR 3311 - Bids, unless exempt from bidding under the law.
4. If a purchase is exempt from bidding and the district's solicitation is by a request for proposals, the award may be made by either a fixed-price or cost-reimbursement type contract awarded to the entity whose proposal is most advantageous to the program, with price and other factors considered. (2 CFR 200.320)
5. Procurement by noncompetitive proposals (sole sourcing) may be used only when the item is available exclusively from a single source, the need or emergency will not permit a delay resulting from competitive solicitation, the awarding agency expressly authorizes sole sourcing in response to the district's request, and/or competition is determined inadequate after solicitation of a number of sources. (2 CFR 200.320)
6. Time and materials type contracts may be used only after a determination that no other contract is suitable and if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract means a contract for which the cost is the sum of the actual cost of materials and direct labor hours charged at fixed hourly rates that reflect wages, general administrative expenses, and profit. (2 CFR 200.318)

For any purchase of \$25,000 or more, the Superintendent or designee shall verify that any vendor which is used to procure goods or services is not excluded or disqualified by the federal government. (2 CFR 180.220, 200.214)

FEDERAL GRANT FUNDS (Continued)

All solicitations shall incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description shall avoid detailed product specifications to the extent possible, but may include a statement of the qualitative nature of the material, product, or service to be procured and, when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. When it is impractical or not economical to make a clear and accurate description of the technical requirements, a brand name or equivalent description may be used to define the performance or other salient requirements of procurement, clearly stating the specific features of the named brand which must be met by offers. In addition, every solicitation shall identify all requirements which the offer must fulfill and any other factors to be used in evaluating bids or proposals. (2 CFR 200.319)

The Superintendent or designee shall maintain sufficient records to document the procurement, including, but not limited to, the rationale for the method of procurement, selection of the contract type, contractor selection or rejection, and the basis for the contract price. (2 CFR 200.318)

The Superintendent or designee shall ensure that all contracts for purchases using federal grant funds contain the applicable contract provisions described in Appendix II to Part 200 - Contract Provisions for Non-Federal Entity Contracts Under Federal Awards. (2 CFR 200.327)

Capital Expenditures

The Superintendent or designee shall obtain prior written approval from the awarding agency before using federal funds to make capital expenditures, including the acquisition of land, facilities, equipment, and intellectual property and expenditures to make additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations, or alterations to capital assets that materially increase their value or useful life. (2 CFR 200.313, 200.439)

Conflict of Interest

Governing Board members, district employees, and other district representatives shall not participate in the selection, award, or administration of a contract supported by federal funds if they have a real or apparent conflict of interest, such as when they or a member of their immediate family, their partner, or an organization which employs or is about to employ any of them has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. Such persons are prohibited from soliciting or accepting gratuities,

FEDERAL GRANT FUNDS (Continued)

favors, or anything of monetary value from contractors or subcontractors unless the gift is an unsolicited item of nominal value. (2 CFR 200.318)

Employees engaged in the selection, award, and administration of contracts shall also comply with BB 9270 - Conflict of Interest.

Persons involved in the selection, award, or administration of a contract supported by federal funds shall be subject to discipline for any violation of conflict of interest standards. (2 CFR 200.318)

Cash Management

The Superintendent or designee shall ensure the district's compliance with 2 CFR 200.305 pertaining to payments and cash management, including compliance with applicable methods and procedures that minimize the time elapsing between the transfer of funds to the district and the district's disbursement of funds. (2 CFR 200.305)

When authorized by law, the district may receive advance payments of federal grant funds, limited to the minimum amounts needed and timed in accordance with the actual immediate cash requirements of the district for carrying out the purpose of the program or project.

Except under specified conditions, the district shall maintain the advance payments in an interest-bearing account. The district shall remit interest earned on the advanced payment to the awarding agency on an annual basis, but may retain interest amounts specified in 2 CFR 200.305 for administrative expenses. (2 CFR 200.305)

When required by the awarding agency, the district shall instead submit a request for reimbursement of actual expenses incurred. The district may also request reimbursement as an alternative to receiving advance payments. (2 CFR 200.305)

The Superintendent or designee shall maintain source documentation supporting the expenditure of federal funds, such as invoices, time sheets, payroll stubs, or other appropriate documentation.

Personnel

All district employees who are paid in full or in part with federal funds shall document the amount of time they spend on grant activities. Such records shall be incorporated into the official records of the district and shall be subject to a system of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated in accordance with 2 CFR 200.430. (2 CFR 200.430)

FEDERAL GRANT FUNDS (Continued)

Salaries and wages of employees whose salary is paid with state or local funds but are used to meet a cost-sharing or matching requirement of the federal grant shall be documented in the same manner as salaries and wages claimed for reimbursement under a federal grant. (2 CFR 200.430)

Records

Except as otherwise provided in 2 CFR 200.334, or where state law or district policy requires a longer retention period, financial records, supporting documents, statistical records, and all other district records related to a federal award shall be retained for a period of three years from the date of submission of the final expenditure report or, for a federal award that is renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report. (2 CFR 200.334)

Audits

Whenever the district expends \$750,000 or more in federal grant funds during a fiscal year, it shall arrange for either a single audit or a program-specific audit in accordance with 2 CFR 200.507 or 200.514. (2 CFR 200.501)

The Superintendent or designee shall ensure that the audit meets the requirements specified in 2 CFR 200.500-200.521.

Specified records pertaining to the audit of federal funds expended by the district shall be transmitted to the clearinghouse designated by the federal Office of Management and Budget and shall be made available for public inspection. Such records shall be transmitted within 30 days after receipt of the auditor's report or within nine months after the end of the audit period, whichever is sooner, unless a longer period is agreed to in advance by the federal agency or a different period is specified in a program-specific audit guide. (2 CFR 200.512)

In the event that the audit identifies any deficiency, the Superintendent or designee shall promptly act to either correct the identified deficiency, produce recommended improvements, or demonstrate that the audit finding is invalid or does not warrant action. (2 CFR 200.26, 200.508, 200.511)

The district shall not offer or award to a student any course credit or privileges related to educational activities in exchange for voluntary donations or participation in fundraising activities by or on behalf of the student. SALE AND DISPOSAL OF BOOKS, EQUIPMENT AND SUPPLIES

The Board of Trustees recognizes its fiscal responsibility to maximize the use of district equipment, supplies, instructional materials, and other personal property while providing up-to-date resources that facilitate student learning and effective district operations. When the Board, upon recommendation of the Superintendent or designee, declares any district-owned personal property unusable, obsolete, or no longer needed, the Board shall determine the estimated value of the property and shall decide whether the property will be donated, sold, or otherwise disposed of as prescribed by law and administrative regulation.

(Education Code 17546)

Instructional materials shall be considered obsolete or unusable by the district if they have been replaced by more recent editions or new materials selected by the Board, are not aligned with the district's academic standards or course of study, and have no foreseeable value in other instructional areas. Such materials may be sold or donated if they continue to serve educational purposes that would benefit others outside the district. Instructional materials are not appropriate for sale or donation if they meet any of the following criteria:

Equipment/Supplies Acquired with Federal Funds

When the district has a need to replace equipment originally purchased with funds from a federal grant or subgrant, it may, subject to the approval of the agency that awarded the grant, trade in the original equipment or sell the property and use the proceeds to offset the cost of the replacement property. Whenever the district sells equipment or supplies that have a current fair market value of \$5,000 or more, it shall provide an amount to the federal agency equal to the agency's share of the current market value of the equipment or the proceeds from the sale of the equipment or supplies. (2 CFR 200.313, 200.314)

In the event that the district is provided equipment that is federally owned, the district shall request disposition instructions from the federal agency when it no longer needs the equipment. (2 CFR 200.313)

SALE OR LEASE OF DISTRICT-OWNED REAL PROPERTY

The Board of Trustees believes that district facilities and resources should be utilized in an economical and practical manner. The Superintendent or designee shall periodically study the current and projected use of all district facilities to ensure the efficient utilization of space for the effective delivery of instruction.

(cf. [1330](#) - *Use of School Facilities*)

(cf. [7110](#) - *Facilities Master Plan*)

(cf. [7111](#) - *Evaluating Existing Buildings*)

(cf. [7160](#) - *Charter School Facilities*)

Prior to the sale or lease of any surplus real property, the Board shall appoint a district advisory committee to advise the Board regarding the use or disposition of schools or school building space which is not needed for school purposes. The Board may elect not to appoint a district advisory committee for any of the following: (Education Code [17388](#), [17391](#))

1. A rental of property for a period of time not exceeding 30 days
2. A lease or rental of surplus property to a private educational institution for the purpose of offering summer school
3. A sale, lease, or rental of surplus property to be used for teacher or other employee housing
4. Until July 1, 2024, a sale or lease of surplus property that has not previously operated, or was not constructed to be operated, as an early childhood education facility or a school for elementary or secondary instruction

(cf. [1220](#) - *Citizen Advisory Committees*)

In addition, to ensure that the proposed disposition of the property conforms with any general plan adopted by the local planning agency that affects or includes the area where the surplus property is located, the Board shall submit a report to the local planning agency describing the location of the surplus property and the purpose and extent of the proposed sale or lease. (Government Code [65402](#))

The Board shall determine whether the sale or lease of the surplus property is subject to review under the California Environmental Quality Act. (Public Resources Code [21000-21177](#); 14 CCR [15061-15062](#))

The Board may meet in closed session with its real property negotiator prior to the sale or lease of real property by the district in order to grant its negotiator authority regarding the minimum price or rent and terms of the sale or lease. (Government Code [54956.8](#))

(cf. [9321](#) - *Closed Session*)

SALE OR LEASE OF DISTRICT-OWNED REAL PROPERTY (continued)

When selling or leasing district real property, the Board shall comply with applicable procedures and give priority to specified public agencies as required by law. (Education Code [17230](#), [17464](#), [17485-17499](#); Government Code [54222](#))

(cf. [5148](#) - *Child Care and Development*)

(cf. [5148.2](#) - *Before/After School Programs*)

(cf. [5148.3](#) - *Preschool/Early Childhood Education*)

Resolution of Intention to Sell or Lease

Before ordering the sale or lease of any real property, the Board shall adopt a resolution by a two-thirds vote of all of its members at a regularly scheduled open meeting. The resolution shall describe the property proposed to be sold or leased in such a manner as to identify it, specify the minimum price or rent, describe the terms upon which it will be sold or leased, and specify the commission or rate, if any, which the Board will pay to a licensed real estate broker out of the minimum price or rent. The resolution shall fix a time, not less than three weeks thereafter, for a public meeting, held at the Board's regular meeting place, at which sealed proposals to purchase or lease will be received and considered. (Education Code [17466](#))

(cf. [9320](#) - *Meetings and Notices*)

(cf. [9323.2](#) - *Actions by the Board*)

The Superintendent or designee shall provide notice of the adoption of the resolution and of the time and place of the meeting that will be held to consider bids by posting copies of the resolution, signed by the Board, in three public places not less than 15 days before the date of the meeting. In addition, the notice shall be published at least once a week for three successive weeks before the meeting, in a newspaper of general circulation published in the county in which the district is located, if such a newspaper exists. (Education Code [17469](#))

At least 60 days prior to the public meeting, the Superintendent or designee shall take reasonable steps to provide written notification of the public meeting, by certified mail, to the former owner from whom the district acquired the property. (Education Code [17470](#))

Acceptance/Rejection of Bids

At the public meeting specified in the resolution of intention to sell or lease property, the Board shall open, examine, and declare all sealed bids. Before accepting a written proposal, the Board shall call for oral bids in accordance with law. (Education Code [17472](#), [17473](#))

The Board may reject any and all bids, either written or oral, and withdraw the properties from sale when the Board determines that rejection is in the best public interest. If no proposals are submitted or the submitted proposals do not conform to all the terms and conditions specified in the resolution of intention to lease, the Board may lease the property in accordance with Education Code [17477](#). (Education Code [17476](#), [17477](#))

SALE OR LEASE OF DISTRICT-OWNED REAL PROPERTY (continued)

Of the proposals submitted by responsible bidders which conform to all terms and conditions specified in the resolution of intention to sell or lease, the Board shall finally accept the highest bid after deducting the commission, if any, to be paid to a licensed real estate broker, unless the Board accepts a higher oral bid or rejects all bids. (Education Code [17472](#))

The final acceptance of the bid may be made either at the same meeting specified in the resolution or at any adjourned/continued meeting held within 10 days. Upon acceptance of the bid, the Board may adopt a resolution of acceptance that directs the Board president, or any other Board member, to execute the deed or lease and to deliver the document upon performance and compliance by the successful bidder of all of the terms and conditions of the contract. (Education Code [17475-17478](#))

(cf. [1431](#) - *Waivers*)

Use of Proceeds

The Superintendent or designee shall ensure that the proceeds from the sale or lease with an option to purchase of surplus district property are used for one-time expenditures and not for ongoing expenditures such as salaries and general operating expenses. (Education Code [17462](#); 2 CCR [1700](#))

Proceeds from a sale of surplus district property shall generally be used for capital outlay or maintenance costs that the Board determines will not recur within a five-year period. Proceeds from a lease of district property with an option to purchase may be deposited into a restricted fund for the routine repair of district facilities, as defined by the SAB, for up to a five-year period. (Education Code [17462](#))

However, if the Board and SAB determine that the district has no anticipated need for additional sites or building construction for the next 10 years and no major deferred maintenance requirements, the proceeds from the sale or lease with an option to purchase may be deposited in a special reserve fund for the future maintenance and renovation of school sites or in the district's general fund. (Education Code [17462](#))

(cf. [3100](#) - *Budget*)

(cf. [3460](#) - *Financial Reports and Accountability*)

In addition, until July 1, 2024, if district surplus property was purchased entirely with local funds, the proceeds from the sale or lease of the property, together with any personal property located on the property, may be deposited into the general fund of the district and may be used for any one-time general fund purpose. Before exercising this authority, the Board shall: (Education Code [17463.7](#))

1. Submit to SAB documents certifying that the sale of real property does not violate the provisions of a local bond act and the real property is not suitable to meet projected school construction needs for the next 10 years

SALE OR LEASE OF DISTRICT-OWNED REAL PROPERTY (continued)

2. At a public meeting, adopt a plan for expending one-time resources from the sale or lease of the property which identifies the source and intended use of the surplus property proceeds and describes the reasons that the expenditure will not result in ongoing fiscal obligations for the district

Whenever the district sells real property that was purchased, improved, or modernized with funds that were received from a state school facilities funding program within the previous 10 years, the district shall notify OPSC within 90 calendar days of the sale of the property if the proceeds from the sale are not used for capital outlay and the property is not sold to a charter school, another school district, a county office of education, or an agency that will use the property exclusively for the delivery of child care and development services. If SAB subsequently makes a finding that the sale is subject to Education Code [17462.3](#), the district shall return the funds to the SAB within 90 calendar days of the finding. (2 CCR 1702)

Any advertising or promotional message, image, or other depiction to be used by the sponsor shall meet the standards set for commercial advertising on district property and in district-sponsored publications in accordance with BP 1325 - Advertising and Promotion.

Each sponsorship agreement shall contain statements including, but not limited to:

1. The purpose of the relationship with the sponsor, details of the benefits to the district, and how the benefits will be distributed

GIFTS, GRANTS AND BEQUESTS (continued)

2. The duration of the agreement and the roles, expectations, rights, and responsibilities of the district and the sponsor, including whether and to what extent the sponsor is allowed to advertise or promote its products and/or services
3. The authority of the Board to retain exclusive right over the use of the district's name, logo, and other proprietary information and the requirement that the sponsor obtain prior approval of the Board before using such information
4. The prohibition against the collection or distribution of students' personal information except as allowed by law
5. The authority of the Board to terminate the agreement without any penalty or sanction to the district if the sponsor's message, business, or product becomes inconsistent with the district's vision, mission, or goals or the sponsor engages in any prohibited activity

(cf. 5022 - Student and Family Privacy Rights)

(cf. 5125 - Student Records)

Online Fundraising

Any person or entity who wishes to conduct an online fundraising campaign, including a crowdfunding campaign, for the benefit of the district, a school, or a classroom shall submit a written request for prior approval to the Superintendent or designee. Approval of requests shall take into consideration compatibility with the district's vision and goals, core beliefs, instructional priorities, and infrastructure; the manner in which donations are collected and distributed; equity of the use of funds; and any other factors deemed relevant or appropriate by the district.

Any person or entity approved to conduct an online fundraising campaign shall comply with relevant district policies and procedures, including ensuring financial transparency in describing the purpose and use of the funds and protecting student privacy as applicable. Such person or entity shall specify that the district, rather than a staff member, classroom, or school, will own the funded resources.

Funds raised by an online fundraising campaign and donated to the district shall be subject to the same terms, criteria for acceptance, and accountability measures as any other donation as specified in this policy.

Appreciation

The Board may show appreciation for any donation to the district in any manner it deems appropriate. Such appreciation may take the form of letters of recognition or Board resolutions; plaques, commendations, or awards; planting of commemorative trees or

(cf. 3312 - Contracts)

The Board shall review all transactions entered into by the Superintendent or designee on behalf of the Board every 60 days. (Education Code 17605)

He/she shall ensure that the "open" purchase order system details a maximum purchase amount, the types of items that can be purchased under this order, the individuals authorized to approve purchases, and the expiration date of the "open" order.

The Board of Trustees is committed to promoting public accountability and ensuring prudent use of public funds. When leasing, purchasing, or contracting for equipment, materials, supplies, or services for the district, including when contracting for public projects involving district facilities, the Board shall explore lawful opportunities to obtain the greatest possible value for its expenditure of public funds. When required by law, or if the Board determines that it is in the best interest of the district, such contracts shall be made using competitive bidding.

No work, project, service, or purchase shall be split or separated into smaller work orders or projects for the purpose of evading legal requirements for competitive bidding. (Public Contract Code 20116)

The Superintendent or designee shall establish comprehensive bidding procedures for the district in accordance with law. The procedures shall include a process for advertising bids, instructions and timelines for submitting and opening bids, and other relevant requirements.

For award of contracts which, by law or Board policy, require prequalification, the procedures shall identify a uniform system for rating bidders on the basis of a completed questionnaire and financial statements.

(cf. 9270 - Conflict of Interest)

When calling for bids, the Superintendent or designee shall ensure that the bid specifications clearly describe in appropriate detail the quality, delivery, and service required and include all information which the district knows, or has in its possession, that is relevant to the work to be performed or that may impact the cost of performing the work.

Except as authorized by law, contracts shall be let to the lowest responsible bidder who shall give such security as the Board requires, or else all bids shall be rejected. (Public Contract Code 20111)

Biggs, California

BIDS

Advertised/Competitive Bids

The district shall advertise for any of the following: (Public Contract Code 20111)

1. A public project contract that involves an expenditure of \$15,000 or more, including a contract for construction, reconstruction, erection, alteration, renovation, improvement, painting, repainting, demolition, or repair work involving a district owned, leased, or operated facility

(cf. 3311.1 - Uniform Public Construction Cost Accounting Procedures)

(cf. 3311.2 - Lease-Leaseback Contracts)

(cf. 3311.3 - Design-Build Contracts)

2. A contract that exceeds the amount specified in law, as annually adjusted by the Superintendent of Public Instruction, for any of the following:

- a. The purchase of equipment, materials, or supplies to be furnished, sold, or leased to the district

(cf. 3230 - Federal Grant Funds)

(cf. 3311.4 - Procurement of Technological Equipment)

- b. Services, not including construction services or special services and advice in accounting, financial, legal, or administrative matters
- c. Repairs that are not a public project, including maintenance

Maintenance means routine, recurring, and usual work for preserving, protecting, and keeping a district facility operating in a safe, efficient, and continually usable condition for the intended purpose for which it was designed, improved, constructed, altered, or repaired. Maintenance includes, but is not limited to, carpentry, electrical, plumbing, glazing, and other craft work designed to preserve the facility, as well as repairs, cleaning, and other operations on machinery and other permanently attached equipment. Maintenance does not include painting, repainting, or decorating other than touchup, or among other types of work, janitorial or custodial services and protection provided by security forces. (Public Contract Code 20115)

Instructions and Procedures for Advertised Bids

The Superintendent or designee shall call for bids by placing a notice at least once a week for two weeks in a local newspaper of general circulation published in the district, or if no such newspaper exists, then in some newspaper of general circulation that is circulated in the county. The Superintendent or designee also may post the notice on the district's web site or through an electronic portal. The notice shall state the work to be done or materials or

BIDS (continued)

supplies to be furnished and the time and place and website where bids will be opened. (Public Contract Code 20112)

(cf. 1113 - District and School Web Sites)

The notice shall contain the time, date, and location of any mandatory prebid conference, site visit, or meeting and details regarding when and where project documents, including the final plan and specifications, are available. Any such mandatory visit or meeting shall occur not less than five calendar days after the publication of the initial notice. For lease-leaseback, design-build, and alternative design-build projects, the notice shall specify that the project is subject to skilled and trained workforce requirements. (Education Code 17250.62, 17250.62, 17407.5; Public Contract Code 2600, 6610)

Bid instructions and specifications shall include the following requirements and information:

1. All bidders shall certify in writing the minimum, if not exact, percentage of post-consumer materials in products, materials, goods, or supplies offered or sold. (Public Contract Code 22152)

(cf. 3510 - Green School Operations)

2. All bids for construction work shall be presented under sealed cover. The district may accept a bid that has been submitted electronically or on paper. (Public Contract Code 20111, 20112)

The bid shall be accompanied by a form of bidder's security, including either cash, a cashier's check payable to the district, a certified check made payable to the district, or a bidder's bond executed by an admitted surety insurer and made payable to the district. The security of unsuccessful bidders shall be returned in a reasonable period of time, but in no event later than 60 days after the bid is awarded. (Public Contract Code 20111, 20112)

3. When a standardized proposal form is provided by the district, bids not presented on the standard form shall be disregarded. (Public Contract Code 20111.5)
4. Bids shall not be accepted after the advertised bid opening time, regardless of whether the bids are actually opened at that time. (Public Contract Code 20112)
5. When two or more identical lowest or highest bids are received, the Governing Board may determine by lot which bid shall be accepted. (Public Contract Code 20117)
6. If the district requires that the bid include prices for items that may be added to or deducted from the scope of work in the contract, the bid solicitation shall specify which one of the following methods will be used to determine the lowest bid. In the absence of such a specification, only the method provided in item #6a below shall be

BIDS (continued)

used. (Public Contract Code 20103.8)

- a. The lowest bid shall be the lowest total of the bid prices on the base contract without consideration of the prices on the additive or deductive items.
- b. The lowest bid shall be the lowest total of the bid prices on the base contract and those additive or deductive items that were specifically identified in the bid solicitation as being used for the purpose of determining the lowest bid price.
- c. The lowest bid shall be the lowest total of the bid prices on the base contract and those additive or deductive items that, when taken in order from a specifically identified list of those items in the solicitation, and added to or subtracted from the base contract, are less than or equal to a funding amount publicly disclosed by the district before the first bid is opened.

The lowest bid shall be determined in a manner that prevents any information that would identify any of the bidders or proposed subcontractors or suppliers from being revealed to the district before the ranking of all bidders from lowest to highest has been determined. (Public Contract Code 20103.8)

7. In determining the lowest bid, the district shall consider only responsive bids that conform to bid specifications and are submitted by responsible bidders who have demonstrated trustworthiness, quality, fitness, capacity, and experience to satisfactorily perform the public works contract.
 - a. When a bid is determined to be nonresponsive, the Superintendent or designee shall notify the bidder and give the bidder an opportunity to respond to the determination.
 - b. When the lowest bidder is determined to be nonresponsible, the Superintendent or designee shall notify the bidder of the right to present evidence of the bidder's responsibility at a hearing before the Board.
8. After being opened, all submitted bids become public records pursuant to Government Code 7920.530 and shall be made available for public review pursuant to law, Board policy, and administrative regulation.

(cf. 1340 - Access to District Records)

(cf. 3580 - District Records)

BIDS (continued)**Prequalification Procedure**

When required by law or the Board, the Superintendent or designee shall establish a uniform system for rating bidders on the basis of completed questionnaires and financial statements in order to determine the size of contracts on which each bidder is qualified to bid. For this purpose, the Superintendent or designee shall furnish prospective bidders a standardized prequalification questionnaire and financial record which, when completed, shall indicate a bidder's statement of financial ability and experience in performing public works. The bidder's information shall be verified under oath in the manner in which civil law pleadings are verified. The questionnaires and financial statements shall not be public records and shall not be open to public inspection. (Code of Civil Procedure 446; Public Contract Code 20111.5, 20111.6)

When any public project involves an expenditure of \$1,000,000 or more and is funded or reimbursed wholly or partly by the School Facilities Program funds or other future state school bond, the district shall prequalify prospective bidders either quarterly or annually. The prequalification shall be valid for one year and the following requirements shall apply: (Public Contract Code 20111.6)

1. Prospective bidders, including, but not limited to, prime, general engineering, and general building contractors and electrical, mechanical, and plumbing subcontractors, as defined in Public Contract Code 4113 or Business and Professions Code 7056 or 7057, as applicable, shall submit a standardized questionnaire and financial statement 10 or more business days, as determined by the district, before the date fixed for the public opening of sealed bids.
2. Prospective bidders shall be prequalified by the district five or more business days, as determined by the district, before the date fixed for the public opening of sealed bids.

If the project includes electrical, mechanical, or plumbing components that will be performed by electrical, mechanical, or plumbing contractors, the Superintendent or designee shall make available to all bidders a list of prequalified general contractors and electrical, mechanical, and plumbing subcontractors five or more business days, as determined by the district, before the date fixed for the public opening of sealed bids.

For all other contracts requiring competitive bidding, the district may establish a procedure for prequalifying bidders on a quarterly basis and may authorize that prequalification be considered valid for up to one calendar year following the date of the initial prequalification. Prospective bidders for such contracts shall submit the questionnaire and financial statement at least five days before the date fixed for public opening of sealed bids and shall be prequalified by the district at least one day before the fixed bid-opening date. (Public Contract Code 20111.5)

BIDS (continued)**Award of Contract**

The district shall award each contract to the lowest responsible bidder, except in the following circumstances:

1. When the contract is for the procurement and/or maintenance of electronic data processing systems and supporting software, in which case the Board may contract with any one of the three lowest responsible bidders (Public Contract Code 20118.1)
2. When the contract is for any transportation service which involves an expenditure of more than \$10,000 and which will be made with any person or corporation other than a common carrier, municipally owned transit system, or a parent/guardian of a student who is to be transported, in which case the Board may contract with other than the lowest bidder (Education Code 39802)
3. When the contract is one for which the Board has established goals and requirements relating to participation of disabled veteran or small business enterprises in accordance with Public Contract Code 2000-2002, in which case the Board may contract with the lowest responsible bidder who submits a responsive bid and complies or makes a good faith effort to comply with the goals and requirements (Public Contract Code 2000-2002)
4. When procuring a lease-leaseback contract, in which case the Board shall award the contract based on objective criteria for determining the best combination of price and qualifications in accordance with Education Code 17400 and 17406

(cf. 3311.2 - Lease-Leaseback Contracts)

5. When procuring a design-build contract for a public works project in excess of \$1,000,000 in accordance with Education Code 17250.20, in which case the Board may award the contract to either the low bid or the best value to the district, taking into consideration, at a minimum, price, technical design and construction expertise, and life-cycle costs (Education Code 17250.20, 17250.25)

(cf. 3311.3 - Design-Build Contracts)

6. When procuring an alternative design-build contract for a public works project in excess of \$5,000,000 in accordance with Education Code 17250.62, in which case the Board may award the contract to either the low bid or the best value, taking into consideration, at a minimum design cost, general conditions, overhead, and profit as a component of the project price; technical design and construction expertise; and life-cycle costs (Education Code 17250.61, 17250.62)

BIDS (continued)**Protests by Bidders**

If the bidder believes that the award is not in compliance with law, Board policy, or the bid specifications, the bidder may protest the award. A protest must be filed in writing with the Superintendent or designee within five working days after receipt of notification of the contract award and shall include all documents supporting or justifying the protest. A bidder's failure to file the protest documents in a timely manner shall constitute a waiver of the right to protest the award of the contract.

The Superintendent or designee shall review the documents submitted with the bidder's claims and render a decision in writing within 30 working days. The Superintendent or designee may also convene a meeting with the bidder in order to attempt to resolve the problem.

The bidder may appeal the Superintendent or designee's decision to the Board. The Superintendent or designee shall provide notice to the bidder of the date and time for Board consideration of the protest at least three business days before the Board meeting. The Board's decision shall be final.

Limitation on Use of Sole Sourcing

In any contract for the construction, alteration, or repair of school facilities, the Superintendent or designee shall ensure that the bid specification: (Public Contract Code 3002, 3400)

1. Does not directly or indirectly limit bidding to any one specific concern
2. Does not call for a designated material, product, thing, or service by a specific brand or trade name, unless the specification is followed by the words "or equal," so that bidders may furnish any equal material, product, thing, or service

In any such case, the bid specification shall provide a time period, before and/or after the award of the contract, for the contractor to submit data substantiating the request for substituting the designated material, product, thing, or service. If no such time period is specified, the contractor may submit the data within 35 days after the award of the contract.

When the bid is for a roof project, a material, product, thing, or service is considered "equal" to that designated if it is equal in quality, durability, design, and appearance; will perform the intended function equally well; and conforms substantially to the detailed requirements in the bid specification. (Public Contract Code 3002)

However, the Superintendent or designee may designate a specific material, product, thing, or service by brand or trade name, also known as sole sourcing, if the Board has made a finding, described in the invitation for bids or request for proposals (RFP), that a particular

BIDS (continued)

material, product, thing, or service is designated for any of the following purposes: (Public Contract Code 3400)

1. To conduct a field test or experiment to determine its suitability for future use
2. To match others in use on a particular public improvement that has been completed or is in the course of completion
3. To obtain a necessary item that is only available from one source
4. To respond to the Board's declaration of an emergency, as long as the declaration has been approved by four-fifths of the Board when issuing the invitation for bid or RFP

(cf. 9323.2 - Actions by the Board)

Bids Not Required

Without advertising for bids and upon a determination that it is in the best interest of the district, the Board may "piggyback" by authorizing another public corporation or agency, by contract, lease, requisition, or purchase order, to lease data-processing equipment or to purchase materials, supplies, equipment, automotive vehicles, tractors, and other personal property for the district in the manner that the other public corporation or agency is authorized to make the leases or purchases from a vendor. Alternatively, if the public corporation or agency has an existing contract with a vendor for the lease or purchase of personal property, the district may authorize the lease or purchase of personal property directly from the vendor and make payments under the same terms that are available to the public corporation or agency under the contract. (Public Contract Code 20118

(cf. 3300 - Expenditures and Purchases)

(cf. 3512 - Equipment)

Without advertising for bids, the Board may enter into an energy service contract and any related facility ground lease, when it determines that the terms of the contract and lease are in the best interest of the district and meet the cost effectiveness requirements specified in Government Code 4217.12. The Board's determination shall be made at a regularly scheduled public hearing of which notice is given to the public at least two weeks in advance and shall be based on cost and savings comparison findings specified in Government Code 4217.12. (Government Code 4217.12)

(cf. 3511 - Energy and Water Management)

(cf. 9320 - Meetings and Notices)

Supplementary textbooks, library books, educational films, audiovisual materials, test materials, workbooks, instructional computer software packages, or periodicals may be purchased in any amount without taking estimates or advertising for bids. (Public Contract Code 20118.3)

BIDS (continued)

(cf. 6161.1 - Selection and Evaluation of Instructional Materials)

(cf. 6161.11 - Supplementary Instructional Materials)

(cf. 6163.1 - Library Media Centers)

Perishable foodstuffs and seasonal commodities needed in the operations of cafeterias may be purchased through bid or on the open market. (Education Code 38083)

(cf. 3551 - Food Service Operations/Cafeteria Fund)

Bids shall not be required for day labor under circumstances specified in Public Contract Code 20114. Day labor shall include the use of maintenance personnel employed on a permanent or temporary basis. (Public Contract Code 20114)

In an emergency when any repairs, alterations, work, or improvement to any school facility is necessary to permit the continuance of existing school classes or to avoid danger to life or property, the Board may, by unanimous vote and with the approval of the County Superintendent of Schools, contract for labor and materials or supplies without advertising for or inviting bids or may authorize the use of day labor or force account for the emergency purpose. (Public Contract Code 1102, 20113)

(cf. 3517 - Facilities Inspection)

The district may purchase any surplus property from the federal government or any of its agencies in any quantity needed for the operation of its schools without taking estimates or advertising for bids. (Education Code 17602)

UNIFORM PUBLIC CONSTRUCTION COST ACCOUNTING PROCEDURES

In awarding contracts for public works projects involving district facilities, the Governing Board desires to obtain the best value to the district and ensure the qualifications of contractors to complete the project in a satisfactory manner. The Board has, by resolution, adopted the procedures set forth in the Uniform Public Construction Cost Accounting Act pursuant to Public Contract Code 22030-22045, including the informal bidding procedures when allowed by law.

(cf. 3311 - Bids)

(cf. 7110 - Facilities Master Plan)

The Board delegates to the Superintendent or designee the responsibilities to award any contract eligible for informal bidding procedures and to develop plans, specifications, and working details for all public projects requiring formal bidding procedures.

No work, project, service, or purchase shall be split or separated into smaller work orders or projects for the purpose of evading legal requirements for competitive bidding. (Public Contract Code 22033)

Projects awarded through the UPCCAA shall be subject to the cost accounting procedures established by the California Uniform Construction Cost Accounting Commission. (Public Contract Code 22030)

Emergency Actions

When formal bids are required by law but an emergency necessitates immediate repair or replacements, the Board may, upon a four-fifths vote of the Board, proceed to replace or repair a facility without adopting plans, specifications, strain sheets, or working details or giving notice for bids to let contracts. The work may be done by day labor under the direction of the Board and/or contractor. The emergency action shall subsequently be reviewed by the Board in accordance with Public Contract Code 22050 and shall be terminated at the earliest possible date that conditions warrant, so that the remainder of the emergency action may be completed by giving notice for bids to let contracts. (Public Contract Code 1102, 22035, 22050)

UNIFORM PUBLIC CONSTRUCTION COST ACCOUNTING PROCEDURES

Procedures for awarding contracts for public works projects shall be determined on the basis of the amount of the project, as follows:

1. Public projects of \$60,000 or less may be performed by district employees by force account, negotiated contract, or purchase order. (Public Contract Code 22032)
2. Contracts for public projects of \$200,000 or less may be awarded through the following informal procedures: (Public Contract Code 22032, 22034, 22038)
 - a. The Superintendent or designee shall prepare a notice inviting informal bids which describes the project in general terms, explains how to obtain further information about the project, and states the time and place for the submission of bids. This notice shall be disseminated by mail, fax, or email to either or both of the following:
 - (1) All contractors on a list of qualified contractors maintained by the district for the category of work being bid, unless the product or service is proprietary, at least 10 calendar days before bids are due
 - (2) All construction trade journals identified pursuant to Public Contract Code 22036
 - b. The district shall review the informal bids that were submitted and award the contract, except that:
 - (1) If all bids received through the informal process are in excess of \$200,000, the contract may be awarded to the lowest responsible bidder, provided that the Governing Board adopts a resolution with a four-fifths vote to award the contract at \$212,500 or less and the Board determines the district's cost estimate is reasonable.
 - (2) If no bids are received through the informal bid procedure, the project may be performed by district employees by force account or negotiated contract.
3. Public projects of more than \$200,000 shall, except as otherwise provided by law, be subject to formal bidding procedures, as follows: (Public Contract Code 22032, 22037, 22038)
 - a. Notice inviting formal bids shall state the time and place for receiving and opening sealed bids and distinctly describe the project. The notice shall be disseminated in both of the following ways:

**UNIFORM PUBLIC CONSTRUCTION COST ACCOUNTING PROCEDURES
(continued)**

- (1) Through publication in a newspaper of general circulation in the district's jurisdiction or, if there is no such newspaper, then by posting the notice in at least three places designated by the district as places for posting its notices. Such notice shall be published at least 14 calendar days before the date that bids will be opened.
- (2) By mail and electronically, if available, by either fax or email, to all construction trade journals identified pursuant to Public Contract Code 22036. Such notice shall be sent at least 15 calendar days before the date that bids will be opened.

In addition to the notice required above, the district may give such other notice as it deems proper.

b. The district shall award the contract as follows:

- (1) The contract shall be awarded to the lowest responsible bidder. If two or more bids are the same and the lowest, the district may accept the one it chooses.
- (2) At its discretion, the district may reject all bids presented and declare that the project can be more economically performed by district employees, provided that the district notifies an apparent low bidder, in writing, of the district's intention to reject the bid. Such notice shall be mailed at least two business days prior to the hearing at which the district intends to reject the bid.
- (3) If no bids are received through the formal bid procedure, the project may be performed by district employees by force account or negotiated contract.

LEASE-LEASEBACK CONTRACTS

The district may lease currently owned district property to any person, firm, or corporation for a minimum of \$1 per year for a term not to exceed 99 years, as long as the lease requires the person, firm, or corporation to construct a building or buildings on the property for the district's use during the lease and the property and building(s) will vest in the district at the expiration of the lease ("lease-leaseback"). (Education Code 17403, 17406)

Before the district enters into such a lease or agreement, it shall have available a site upon which a building may be constructed for use by the district, shall have complied with requirements related to the selection and approval of sites, and shall have prepared and adopted plans and specifications for the building that have been approved in accordance with Education Code 17280-17316. (Education Code 17402)

Procedures for Awarding the Contract

The district's intent to enter into a lease-leaseback contract may be described in a resolution adopted by the Governing Board which includes, but is not be limited to, a description of the available site and the building to be constructed, the amount and term of the lease, and where to obtain information about the procedures for submitting a proposal.

Any lease-leaseback contract shall be awarded through a competitive "best value" procurement process whereby a person, firm, or corporation is selected on the basis of objective criteria for evaluating the qualifications of proposers, with the resulting selection representing the best combination of price and qualifications. (Education Code 17400, 17406)

To make this determination, the district shall use the following procedures: (Education Code 17406; Public Contract Code 2600)

1. Request for Sealed Proposals: The Superintendent or designee shall prepare a request for sealed proposals which shall include:
 - a. An estimate of the project's price
 - b. A clear, precise description of any preconstruction services that may be required and the facilities to be constructed
 - c. The key elements of the contract to be awarded
 - d. A description of the format that proposals shall follow and the elements they shall contain
 - e. The standards the district will use in evaluating proposals and the qualifications of the proposers, including:

LEASE-LEASEBACK CONTRACTS (continued)

- i. Relevant experience
 - ii. Safety record
 - iii. Price proposal, including, at the district's discretion, either a lump-sum price for the contract to be awarded or the proposer's proposed fee to perform the services requested, including the proposer's proposed fee to perform preconstruction services or any other work related to the facilities to be constructed, as requested by the district
 - iv. Whether each criterion will be evaluated on a pass-fail basis or will be scored as part of the "best value" score, and whether proposers must achieve any minimum qualification score for award of the contract
 - v. For each scored criterion, the methodology and rating or weighting system that will be used by the district in evaluating the criterion, including the weight assigned to the criterion and any minimum acceptable score
 - vi. Other factors established by the district
 - f. The date on which proposals are due
 - g. The timetable the district will follow in reviewing and evaluating proposals
 - h. A statement that the project is subject to the skilled and trained workforce requirements specified in Public Contract Code 2600-2603
2. Notice: At least 10 days before the date for receipt of the proposals, the Superintendent or designee shall give notice of the request for sealed proposals using both of the following methods:
- a. Providing notice at least once a week for two weeks in a local newspaper of general circulation pursuant to Public Contract Code 20112

LEASE-LEASEBACK CONTRACTS (continued)

- b. Providing notice in a trade paper of general circulation published in the county where the project is located

The Superintendent or designee also may post the notice on the district's web site or through an electronic portal.

3. **Prequalification:** A proposer shall be prequalified in accordance with Public Contract Code 20111.6(b)-(m) in order to submit a proposal. Any electrical, mechanical, and plumbing subcontractors shall be subject to the same prequalification requirements.
4. **Evaluation of Proposals:** All proposals received shall be reviewed to determine whether they meet the format requirements and the standards specified in the request for sealed proposals. The district shall evaluate the qualifications of the proposers based solely upon the criteria and evaluation methodology set forth in the request for sealed proposals, and shall assign a best value score to each proposal. Once the evaluation is complete, all responsive proposals shall be ranked from the highest best value to the lowest best value to the district.
5. **Award of Contract:** The award of the contract shall be made by the Board to the responsive proposer whose proposal is determined, in writing by the Board, to be the best value to the district.

If the selected proposer refuses or fails to execute the tendered contract, the Board may award the contract to the proposer with the second highest best value score, if deemed in the best interest of the district. If that proposer then refuses or fails to execute the tendered contract, the Board may award the contract to the proposer with the third highest best value score.

Upon issuance of a contract award, the district shall publicly announce its award, identifying the entity to which the award is made, along with a statement regarding the basis of the award. The statement regarding the contract award and the contract file shall provide sufficient information to satisfy an external audit.

6. **Rejection of Proposals:** At its discretion, the Board may reject all proposals and request new proposals.

Any lease-leaseback agreement shall be reviewed by the district's legal counsel to ensure that all required terms, including a lease term that provides for the district's occupancy of the building or improved property during the lease and an appropriate financing component, are included in the agreement.

LEASE-LEASEBACK CONTRACTS (continued)**Skilled and Trained Workforce**

Prior to entering into a lease-leaseback agreement, the Superintendent or designee shall have on file the contractor's enforceable commitment that the contractor and its subcontractors at every tier will use a skilled and trained workforce to perform all work on the project or contract that falls within an apprenticeable occupation in the building and construction trades. The entity may demonstrate such commitment through a project labor agreement, by becoming a party to the district's project labor agreement, or through an agreement with the district to provide evidence of compliance on a monthly basis during the performance of the project or contract. (Education Code 17407.5; Public Contract Code 2602)

Skilled and trained workforce means that all the workers performing the work are either skilled journeypersons or apprentices registered in a state-approved apprenticeship program.

At least 60 percent of the skilled journeypersons employed to perform the work shall be graduates of an apprenticeship program for the applicable occupation or at least 60 percent of the hours worked by skilled journeypersons shall be performed by graduates of an apprenticeship program, with the exception of certain occupations specified in Public Contract Code 2601 which are subject to a 30 percent threshold. (Public Contract Code 2601)

If the contractor fails to provide the monthly report demonstrating compliance with the skilled and trained workforce requirements or provides an incomplete report, the district shall withhold further payments until a complete report is provided. If a report does not demonstrate compliance with the skilled and trained workforce requirements, the district shall withhold further payments until the contractor provides a sufficient plan to achieve substantial compliance with respect to the relevant apprenticeable occupation, prior to completion of the contract or project. In addition, the district shall forward to the Labor Commissioner a copy of the monthly report, any plan to achieve compliance, and the district's response to that plan. (Public Contract Code 2602)

DESIGN-BUILD CONTRACTS

Until January 1, 2025, the Board of Trustees may approve a design-build contract with a single entity for both design and construction of any school facility in excess of \$1,000,000, awarding the contract to either the low bid or the best value as determined by evaluation of objective criteria. (Education Code 17250.20)

Additionally, until January 1, 2029, the Board may approve an alternative design-build contract with a single entity for both design and construction of any school facility in excess of \$5,000,000. Such contracts may be awarded to the low bid or the best value, taking into consideration, at a minimum, design cost, general conditions, overhead, and profit as a component of the project price, technical design and construction expertise, and life-cycle costs. The district's determination of price shall be based on the open book evaluation of construction subcontracts. The contract may be subject to further negotiations or amendment and may be terminated by the district if the district and the design-build entity are unable to reach an agreement. (Education Code 17250.61, 17250.62, 17250.65)

Design-build documents shall not include provisions for long-term project operations, but may include operations during a training or transition period. (Education Code 17250.25, 17250.62)

Procedures for Awarding the Contract

The procurement process for design-build and alternative design-build projects shall be as follows: (Education Code 17250.25, 17250.35, 17250.62; Public Contract Code 2600)

1. Performance Specifications: The district shall prepare a set of documents setting forth the scope and estimated price of the project. The documents may include, but are not limited to:
 - a. The size, type, and desired design character of the project
 - b. Performance specifications that cover the quality of materials, equipment, and workmanship
 - c. Preliminary plans or building layouts
 - d. Any other information deemed necessary to describe adequately the district's needs

The performance specifications and any plans shall be prepared by a design professional who is duly licensed and registered in California.

DESIGN-BUILD CONTRACTS (continued)

2. Prequalification: The district shall prepare and issue a request for qualifications in order to prequalify, or develop a short list of, the design-build entities whose proposals shall be evaluated for final selection. The request for qualifications shall include, but is not limited to, all of the following elements:
 - a. Identification of the basic scope and needs of the project or contract, the expected cost range, the methodology that will be used by the district to evaluate proposals, the procedure for final selection of the design-build entity, and any other information deemed necessary by the district to inform interested parties of the contracting opportunity
 - b. Significant factors that the district reasonably expects to consider in evaluating qualifications, including technical design and construction expertise, acceptable safety record, and all other non-price-related factors
 - c. A standard template request for statements of qualifications prepared by the district, which shall contain all of the information required pursuant to Education Code 17250.25 or 17250.62
 - d. A notice that the project is subject to the skilled and trained workforce requirements specified in Public Contract Code 2600-2603

The district also may identify specific types of subcontractors that must be included in the statement of qualifications and proposal.

3. Request for Proposals: The district shall prepare a request for proposals (RFP) that invites prequalified or short-listed entities to submit competitive sealed proposals in a manner prescribed by the district. The RFP shall include the information identified in items #2a, 2b, and 2d above and the relative importance or weight assigned to each of the factors. If the district uses a best value selection method for a project, the district may reserve the right to request proposal revisions and hold discussions and negotiations with responsive proposers, in which case the district shall so specify in the request for proposals and shall publish separately or incorporate into the request for proposals applicable procedures to be observed by the district to ensure that any discussions or negotiations are conducted in good faith.
4. Selection Based on Low Bid: For those projects utilizing low bid as the final selection method, the bidding process shall result in lump-sum bids by the prequalified or short-listed design-build entities, and the contract shall be awarded to the lowest responsible bidder.
5. Selection Based on Best Value: For those projects utilizing best value as a selection method, the following procedures shall be used:
 - a. Competitive proposals shall be evaluated using only the criteria and selection

DESIGN-BUILD CONTRACTS (continued)

procedures specifically identified in the request for proposals. Criteria shall be weighted as deemed appropriate by the district. The proposal for a design-build project, as specified in 17250.25, shall, at a minimum, include price, unless a stipulated sum is specified; technical design and construction experience; and life-cycle costs over 15 or more years. The proposal for an alternative design-build project, as specified in 17250.62, shall, at a minimum, include design cost, general conditions, overhead, and profit as a component of the project price, unless a stipulated sum for the project is specified; technical design and construction expertise; and life-cycle costs over 15 or more years.

- b. Following any discussions or negotiations with responsive proposers and completion of the evaluation process, the responsive proposers shall be ranked on a determination of value provided, provided that no more than three proposers are required to be ranked.
- c. The contract shall be awarded to the responsible entity whose proposal is determined by the district to have offered the best value to the public.
- d. The district shall publicly announce the contract award, identifying the entity to which the award is made and the basis of the award. This statement and the contract file shall provide sufficient information to satisfy an external audit.

Skilled and Trained Workforce

A design-build entity shall not be prequalified or short-listed unless the entity provides an enforceable commitment to the district that the entity and its subcontractors at every tier will use a skilled and trained workforce to perform all work on the project or contract that falls within an apprenticeable occupation in the building and construction trades. The entity may demonstrate such commitment through a project labor agreement, by becoming a party to the district's project labor agreement, or through an agreement with the district to provide evidence of compliance on a monthly basis during the performance of the project or contract. (Education Code 17250.25, 17250.62; Public Contract Code 2602)

Skilled and trained workforce means that all the workers performing the work are either skilled journeymen or apprentices registered in a state-approved apprenticeship program.

At least 60 percent of the skilled journeymen employed to perform the work shall be graduates of an apprenticeship program for the applicable occupation or at least 60 percent of the hours worked by skilled journeymen shall be performed by graduates of an apprenticeship program, with the exception of certain occupations specified in Public Contract Code 2601 which are subject to a 30 percent threshold. (Public Contract Code 2601)

DESIGN-BUILD CONTRACTS (continued)

If the contractor fails to provide the monthly report demonstrating compliance with the skilled and trained workforce requirements or provides an incomplete report, the district shall withhold further payments until a complete report is provided. If a report does not demonstrate compliance with the skilled and trained workforce requirements, the district shall withhold further payments until the contractor provides a sufficient plan to achieve substantial compliance with respect to the relevant apprenticeable occupation, prior to completion of the contract or project. In addition, the district shall forward to the Labor Commissioner a copy of the monthly report, any plan to achieve compliance, and the district's response to that plan. (Public Contract Code 2602)

PROCUREMENT OF TECHNOLOGICAL EQUIPMENT

Rather than seek competitive bids, the district may use competitive negotiation when it makes a finding that a district procurement is for computers, software, telecommunications equipment, microwave equipment, or other related electronic equipment and apparatus. Competitive negotiation shall not be used to contract for any product that is available in substantial quantities to the general public. (Public Contract Code 20118.2)

(cf. 0440 - District Technology Plan)

(cf. 3230 - Federal Grant Funds)

(cf. 3311 - Bids)

(cf. 3312 - Contracts)

Whenever the competitive negotiation process is determined to be appropriate for such procurements, the district shall use the following procedures: (Public Contract Code 20118.2)

1. The Superintendent or designee shall prepare a request for proposals (RFP) that shall be submitted to an adequate number of qualified sources, as determined by the district, to permit reasonable competition consistent with the nature and requirement of the procurement.
2. Notice of the RFP shall be published at least twice in a newspaper of general circulation, at least 10 days before the date for receipt of the proposals.
3. The Superintendent or designee shall make every effort to generate the maximum feasible number of proposals from qualified sources, and shall make a finding to that effect before proceeding to negotiate if only a single response to the RFP is received.
4. The RFP shall identify all significant evaluation factors, including price, and their relative importance.
5. The Superintendent or designee shall provide reasonable procedures for the technical evaluation of the RFPs received, the identification of qualified sources, and the selection for the award of the contract.
6. The Governing Board shall award the contract to the qualified bidder whose proposal meets the evaluation standards and will be most advantageous to the district, considering price and all other factors.
7. If the Board does not award the contract to the bidder whose proposal contains the lowest price, then the Board shall make a finding setting forth the basis for the award to another bidder.
8. The Board, at its discretion, may reject all proposals and request new RFPs.

PROCUREMENT OF TECHNOLOGICAL EQUIPMENT (continued)

Provisions in any contract concerning utilization of small business enterprises that are in accordance with the RFP shall not be subject to negotiation with the successful proposer. (Public Contract Code 20118.2)

CONTRACTS

The Board of Trustees recognizes its responsibility to enter into contracts on behalf of the district for the acquisition of equipment, supplies, services, and other resources necessary for the achievement of district goals. In exercising this authority to enter into a contract, the Board shall ensure that the district's interest is protected and that the terms of the contract conform to applicable legal standards, including the bidding requirements in Public Contract Code [20111](#).

(cf. [2121](#) - Superintendent's Contract)

(cf. [4312.1](#) - Contracts)

(cf. [9124](#) - Attorney)

The Board may, by a majority vote, delegate to the Superintendent or designee the authority to enter into contracts on behalf of the district. To be valid or to constitute an enforceable obligation against the district, all such contracts must be approved and/or ratified by the Board.

(cf. [3300](#) - Expenditures and Purchases)

(cf. [3314](#) - Payment for Goods and Services)

Every contract entered into on behalf of the district shall be made available for public inspection, except when the law prohibits disclosure. No contract shall prohibit a district employee from disparaging the goods or services of any contracting party.

(cf. [1340](#) - Access to District Records)

Contracts for Non-nutritious Foods or Beverages

The district shall not enter into or renew a contract for the sale of foods or beverages that do not meet applicable nutritional standards specified in Education Code [49431-49431.7](#), 5 CCR [15500-15501](#) or [15575-15578](#), or 7 CFR [210.11](#) or [220.12](#), unless the contract specifies that such sale will occur off campus or outside the time restriction specified in the applicable law.

(cf. [3554](#) - Other Food Sales)

(cf. [3555](#) - Nutrition Program Compliance)

Before the district enters into or renews a contract that grants exclusive or nonexclusive advertising or sale of carbonated beverages, non-nutritious beverages, or non-nutritious foods as defined in law, the Board shall ensure that the district has sufficient internal controls in place to protect the integrity of public funds and to ensure that funds raised as a result of the contract benefit public education. (Education Code [35182.5](#))

BP 3312(b)

CONTRACTS (continued)

The Superintendent or designee shall develop the district's internal control procedures to protect the integrity of public funds. Such internal controls may include, but not be limited to, the following:

Control systems shall be systematically evaluated and revised to keep pace with the changing responsibilities of management.

(cf. [3100](#) - Budget)

(cf. [3400](#) - Management of District Assets/Accounts)

2. Procedures to ensure that district personnel do not handle cash or product at the school site. The contract shall specify that the vendor stock the machines and shall provide cash accounting, along with a check, for district proceeds directly to the control office.

To ensure that funds raised by the contract benefit district schools and students:

1. The Superintendent or designee may invite parents/guardians, students, staff, and interested community members to make recommendations regarding the contract, including recommendations as to how the funds will be spent in a manner that benefits public education.
2. Prior to ratifying the contract, the Board shall designate the specific programs and activities that will be funded by the proceeds of the contract and consider how the contract reflects the district's vision and goals.
3. The contract shall specify that the contractor report, on a quarterly basis, to the Superintendent or designee the number of food items or beverages sold within the district and the amount of money raised by the sales. The Superintendent or designee shall report these amounts to the Board on a regular basis.
4. The Superintendent or designee shall ensure that the contract does not limit the ability of student and parent organizations to plan and operate fundraising activities.

(Education Code [35182.5](#))

(cf. [5030](#) - *Student Wellness*)

(cf. [9320](#) - *Meetings and Notices*)

2. Makes a finding that the electronic product or service is or would be an integral component of the education of students.

(cf. [0440](#) - *District Technology Plan*)

STUDENT ACTIVITY FUNDS

The Board of Trustees recognizes that student organizations can provide students with an opportunity to conduct worthwhile cocurricular activities while helping students learn about effective financial practices and develop leadership and management skills. To that end, the Board may approve the formation of associated student body organizations which are composed entirely of students, operate under the oversight of the principal or other district-employed advisor, and are subject to the control and regulation of the Board. Student organizations may raise and spend funds to support activities that promote the general welfare, morale, and educational experiences of the student body.

Fundraising

At the beginning of each school year, each principal or designee shall submit to the Superintendent or designee a list of the fundraising events that each student organization proposes to hold that year. The Superintendent or designee shall review the proposed events and determine whether the events contribute to the educational experience and do not conflict with or detract from the school's educational program. When reviewing proposed events, the Superintendent or designee shall consider the effects of the activities on student health and safety, evaluate the risk of liability to the district, and ensure that the proposed activities are in compliance with law, Board policy, and administrative regulation.

Fundraising events that involve the sale of food and/or beverages shall comply with applicable state and/or federal nutrition standards and BP/AR 3554 - Other Food Sales. If the fundraising event involves the sale of noncompliant food and/or beverages, it shall not take place from midnight until at least one-half hour after the end of the school day, or not be conducted on school premises.

Management and Reporting of Funds

Student body funds shall be managed in accordance with law, regulations, Board policies, and sound business procedures designed to encourage the largest possible educational return to students without sacrificing the security of funds.

The Superintendent or designee shall develop internal control procedures to safeguard the organization's assets, promote the success of fundraising ventures, provide reliable financial information, protect employees and volunteers from accusations of impropriety, and reduce the risk and promote the detection of fraud and abuse. These procedures shall detail the oversight of activities and funds including, but not limited to, the appropriate role and provision of training for staff and students, parameters for events on campus, appropriate and prohibited uses of funds, and accounting and record-keeping processes, including procedures for handling questionable expenditures.

STUDENT ACTIVITY FUNDS (continued)

The principal or designee shall be responsible for the proper conduct of all student organization financial activities. The budget adopted by the student body organization should serve as the financial plan for the school year and shall be submitted to the Superintendent or designee at the beginning of each school year. The Superintendent or designee shall monitor the budget and periodically review the organization's use of funds to ensure compliance with the district's internal control procedures.

Funds derived from the student body shall be expended according to procedures established by the student organization. All expenditures must be approved by a Board-designated employee or official, the certificated employee who is the designated student organization advisor, and a student organization representative. (Education Code 48933)

When student body funds are expended for equipment, supplies, or activities that support the district's athletic program, the Superintendent or designee shall ensure that the expenditures are aligned with the district's commitment to provide equitable opportunities for males and females.

Because of the district's administrative and/or direct financial involvement in the assets of the student organization, the student activity fund shall be reported within the district's fund in accordance with Governmental Accounting Standards Board Statement 84.

The Board shall provide an annual audit of student organization accounts by a certified public accountant or licensed public accountant. The cost of the audit shall be paid from district funds. (Education Code 41020)

FINANCIAL REPORTS AND ACCOUNTABILITY

The Governing Board is committed to ensuring public accountability and the fiscal health of the district. The Board shall adopt sound fiscal management policies and practices, oversee the district's financial condition, and continually evaluate whether the district's budget and financial operations support the district's goals for student achievement.

(cf. 3100 - Budget)

(cf. 3110 - Transfer of Funds)

(cf. 3300 - Expenditures and Purchases)

(cf. 3430 - Investing)

(cf. 4143/4243 - Negotiations/Consultation)

(cf. 9000 - Role of the Board)

The Superintendent or designee shall ensure that district financial reports are prepared in accordance with law and in conformity with generally accepted accounting principles and financial reporting standards stipulated by the Governmental Accounting Standards Board and the California Department of Education (CDE). The Superintendent or designee shall establish a system of ongoing internal controls to ensure the reliability of financial reporting.

(cf. 3400 - Management of District Assets/Accounts)

When required by law or as directed by the Board, the Superintendent or designee shall submit to the Board reports of the district's financial status, including, but not limited to, any report specified in this Board policy or accompanying administrative regulation. When submission of any such report to a local, state, and/or federal agency requires prior Board approval, the Superintendent or designee shall provide the report to the Board in sufficient time to enable the Board to carefully review the report without breaking any applicable submission deadline.

The Board shall regularly assess the district's financial position and communicate the results to the public, and shall use financial reports to determine the actions and budget amendments, if any, that are needed to ensure the district's financial stability. If district conditions predict fiscal distress or indicate that the district might not be able to meet its fiscal obligations, the Board and Superintendent or designee shall take action to resolve these conditions without delay. The Board shall work cooperatively with the County Superintendent of Schools to improve the district's fiscal health and may contract with an external individual or organization to provide the district with needed advice or fiscal management or training.

(cf. 1340 - Access to District Records)

FINANCIAL REPORTS AND ACCOUNTABILITY (continued)

If the district is facing fiscal insolvency, the Board may consider applying to the state for an emergency apportionment that exceeds 200 percent of the district's recommended reserve. Before applying for such emergency apportionment, the Board shall discuss, at a regular or special meeting, the need for an emergency apportionment and receive testimony regarding the apportionment from parents/guardians, the exclusive representatives of employees of the district, and other members of the community. (Education Code 41326)

Unaudited Actual Receipts and Expenditures

On or before September 15, the Board shall approve and file with the County Superintendent a statement of the district's unaudited actual receipts and expenditures for the preceding fiscal year. The Superintendent or designee shall prepare this statement using the state's standardized account code structure (SACS) as prescribed by the Superintendent of Public Instruction (SPI). (Education Code 42100)

Gann Appropriations Limit Resolution

On or before September 15, the Board shall, at a regular or special meeting, adopt a resolution identifying, pursuant to Government Code 7900-7914, the district's estimated appropriations limit for the current fiscal year and the actual appropriations limit for the preceding fiscal year. Documentation used to identify these limits shall be made available to the public on the day of the Board meeting. (Education Code 42132; Government Code 7910)

(cf. 9322 - Agenda/Meeting Materials)

Interim Reports/Certification of Ability to Meet Fiscal Obligations

Each fiscal year, the Superintendent or designee shall submit two interim reports to the Board. The first report shall cover the district's financial and budgetary status for the period ending October 31 and the second report shall cover the period ending January 31. These reports and supporting data shall be made available by the district for public review. (Education Code 42130)

Within 45 days after the close of the period reported, the Board shall approve the interim report and, on the basis of the interim report and any additional financial information known by the Board, shall certify in writing whether the district will be able to meet its fiscal obligations for the remainder of the fiscal year and, based on current forecasts, for the two subsequent fiscal years. The certification shall be classified as one of the following: (Education Code 42130, 42131)

1. "Positive certification" indicating that the district will meet its financial obligations for the current fiscal year and two subsequent fiscal years

FINANCIAL REPORTS AND ACCOUNTABILITY (continued)

2. "Qualified certification" indicating that the district may not meet its financial obligations for the current fiscal year or two subsequent fiscal years
3. "Negative certification" indicating that the district will be unable to meet its financial obligations for the remainder of the fiscal year or the subsequent fiscal year

The Superintendent or designee shall submit a copy of each interim report and certification to the County Superintendent using the state's SACS software, as prescribed by the SPI. (Education Code 42130, 42131)

If the district's certification is subsequently changed by the County Superintendent from a positive to a qualified or negative certification, or from a qualified to a negative certification, the Board may appeal the decision to the SPI within five days of receiving the notice of change. (Education Code 42131)

Whenever the district receives a qualified or negative certification from the Board or the County Superintendent, the Superintendent or designee shall cooperate in the implementation of any remedial actions taken or prescribed by the County Superintendent. (Education Code 42131)

If the second interim report is accompanied by a qualified or negative certification, the Board shall, no later than June 1, provide to the County Superintendent, the State Controller, and the SPI a financial statement as of April 30 ("third interim report") that projects the district's fund and cash balances through June 30. (Education Code 42131)

If at any time during the fiscal year, the County Superintendent concludes that the district's budget does not comply with the standards and criteria for financial stability and conducts a comprehensive review of the district's financial and budgetary conditions, the Board shall review any report of the County Superintendent's findings and recommendations at a public Board meeting. Within 15 days of receiving the report, the district shall notify the County Superintendent and the SPI of the Board's proposed actions on the recommendation. (Education Code 42637)

(Education Code 41020.3)

The Board shall have an opportunity at the meeting to ask questions of the auditor and request further information about the audit findings.

Audit Committee

The Board may appoint an audit committee composed of staff knowledgeable about fiscal matters, other staff, and representatives of the community.

The committee shall serve in an advisory capacity and may:

(Education Code 42130, 42131)

Interim reports shall be based on State Board of Education (SBE) criteria and standards which address fund and cash balances, reserves, deficit spending, estimation of average daily attendance (ADA), projected enrollment, ratio of ADA to enrollment, projected local control funding formula (LCFF) revenue, salaries and benefits, other revenues and expenditures, and facilities maintenance. For purposes of assessing projections of LCFF revenue, the first interim report shall be compared to the adopted district budget, and the second interim report shall be compared to the projections in the first interim report. (Education Code 42130; 5 CCR 15453-15464)

(cf. 3100 - Budget)

(cf. 3220.1 - Lottery Funds)

(cf. 3300 - Expenditures and Purchases)

(cf. 3314 - Payment for Goods and Services)

An interim report shall also provide supplemental information regarding contingent liabilities, use of one-time revenues for ongoing expenditures, contingent revenues, contributions (i.e., projected contributions from unrestricted general fund resources to restricted general fund resources, projected transfers to or from the general fund to cover operating deficits in the general fund or any other fund, and capital project cost overruns that may impact the general fund budget), long-term commitments, unfunded liabilities, temporary interfund borrowings, the status of labor agreements, and the status of other funds. FINANCIAL REPORTS AND ACCOUNTABILITY (continued)

The district audit shall include all income and expenditures by source of funds, including the student body and cafeteria funds and accounts, state and federal grant funds, and any other funds under the district's control or jurisdiction, as well as an audit of student attendance procedures. The audit shall also include a determination of whether LCFF funds were expended in accordance with the district's local control and accountability plan or an approved annual update of the plan. (Education Code 41020)

(cf. 0460 - Local Control and Accountability Plan)

(cf. 3230 - Federal Grant Funds)

(cf. 3430 - Investing)

(cf. 3451 - Petty Cash Funds)

(cf. 3452 - Student Activity Funds)

(cf. 3551 - Food Service Operations/Cafeteria Fund)

If the district participates in the school district of choice program to accept interdistrict transfers, the Superintendent or designee shall notify the auditor, prior to the commencement of the audit, that the audit must include a review of the district's compliance with specified program requirements. (Education Code 48301)

(cf. 5117 - Interdistrict Attendance)

If an audit finding results in the district being required to repay an apportionment or pay a penalty, the district may appeal the finding to the Education Audit Appeals Panel by making an informal summary appeal within 30 days of receiving the final audit report or initiating a formal appeal within 60 days of receiving the report. (Education Code 41344, 41344.1)

While a public accounting firm is performing the audit of the district, it shall not provide any nonauditing, management, or other consulting services for the district except as provided in Government Auditing Standards, Amendment #3, published by the U.S. Government Accountability Office. (Education Code 41020)

Report on Expenditures of State Facilities Funds

When the district participates in the school facilities program pursuant to Education Code 17070.10-17079.30, the Superintendent or designee shall annually report a detailed list of all expenditures of state facilities funds, including interest, and of the district's matching funds for completed projects until all such funds are expended. The report shall identify expenditures on a project-by-project basis, reflect completed projects that were reimbursed within that fiscal year, and clearly indicate the list of projects that have been completed. (Education Code 41024; 2 CCR 1859.104)

Audits of facilities projects shall be concluded within one year of project completion, and shall be included as part of the district's audit for the fiscal year in which the project is reported as completed. A project shall be deemed completed when any of the following conditions is met: (Education Code 41024; 2 CCR 1859.104)

FINANCIAL REPORTS AND ACCOUNTABILITY (continued)

(Education Code 42127.5)

Board Policy

Business and Noninstructional Operations

BP 3470(a)

DEBT ISSUANCE AND MANAGEMENT

The Board of Trustees is committed to long-term capital and financial planning and recognizes that the issuance of debt is a key source for funding the improvement and maintenance of school facilities and managing cash flow. Any debt issued by the district shall be consistent with law and this policy.

(cf. 3000 - Concepts and Roles)

(cf. 3460 - Financial Reports and Accountability)

(cf. 7110 - Facilities Master Plan)

(cf. 7210 - Facilities Financing)

The district shall not enter into indebtedness or liability that in any year exceeds the income and revenue provided for such year, unless two-thirds of the voters approve the obligation or one of the exceptions specified in law applies. (California Constitution, Article 16, Section 18)

When the Board determines that it is in the best interest of the district, the Board may issue debt or order an election to issue debt. The Superintendent or designee shall make recommendations to the Board regarding appropriate financing methods for capital projects or other projects that are authorized purposes for debt issuance. When approved by the Board and/or the voters as applicable, the Superintendent or designee shall administer and coordinate the district's debt issuance program and activities, including the timing of issuance, sizing of issuance, method of sale, structuring of the issue, and marketing strategies.

The Superintendent or designee shall retain a financial advisor, municipal advisor, investment advisor, and other financial services professionals as needed to assist with the structuring of the debt issuance and to provide general advice on the district's debt management program, financing options, investments, and compliance with legal requirements. Contracts for services provided by such advisors may be for a single transaction or for multiple transactions, consistent with the contracting requirements in Education Code 17596. In the event that the district issues debt through a negotiated sale, underwriters may be selected for multiple transactions if multiple issuances are planned for the same project. In addition, the district shall select a legal team on an as-needed basis to assist with debt issuances or special projects.

(cf. 3312 - Contracts)

(cf. 3600 - Consultants)

(cf. 9270 - Conflict of Interest)

Goals

The district's debt issuance activities and procedures shall be aligned with the district's vision and goals for providing adequate facilities and programs that support student learning and

DEBT ISSUANCE AND MANAGEMENT (continued)

well-being. When issuing debt, the district shall ensure that it:

1. Maintains accountability for the fiscal health of the district, including prudent management and transparency of the district's financing programs
2. Attains the best possible credit rating for each debt issue in order to reduce interest costs, within the context of preserving financial flexibility and meeting capital funding requirements
3. Takes all practical precautions and proactive measures to avoid any financial decision that will negatively impact current credit ratings on existing or future debt issues
4. Maintains effective communication with rating agencies and, as appropriate, credit enhancers such as bond insurers or other providers of credit or liquidity instruments in order to enhance the creditworthiness, liquidity, or marketability of the debt
5. Monitors the district's statutory debt limit in relation to assessed valuation within the district and the tax burden needed to meet long-term debt service requirements
6. When determining the timing of debt issuance, considers market conditions, cash flows associated with repayment, and the district's ability to expend the obtained funds in a timely, efficient, and economical manner consistent with federal tax laws
7. Determines the amortization (maturity) schedule which will fit best within the overall debt structure of the district at the time the new debt is issued
8. Considers the useful lives of assets funded by the debt issue, as well as repair and replacement costs of those assets to be incurred in the future
9. Preserves the availability of the district's general fund for operating purposes and other purposes that cannot be funded by the issuance of voter-approved debt
10. Meets the ongoing obligations and accountability requirements associated with the issuance and management of debt under state and federal tax and securities laws

(cf. 0000 - Vision)

(cf. 0200 - Goals for the School District)

(cf. 7000 - Concepts and Roles)

Authorized Purposes for the Issuance of Debt

The district may issue debt for any of the following purposes:

1. To pay for the cost of capital improvements, including acquiring, constructing, reconstructing, rehabilitating, replacing, improving, extending, enlarging, and/or equipping district facilities

DEBT ISSUANCE AND MANAGEMENT (continued)

2. To refund existing debt
3. To provide for cash flow needs

(cf. 3100 - Budget)

(cf. 3110 - Transfer of Funds)

Pursuant to Government Code 53854, general operating costs, including, but not limited to, items normally funded in the district's annual operating budget, shall not be financed from debt payable later than 15 months from the date of issuance. The district may deem it desirable to finance cash flow requirements under certain conditions so that available resources better match expenditures within a given fiscal year. To satisfy both state constitutional and statutory constraints, such cash flow borrowing shall be payable from taxes, income, revenue, cash receipts, and other moneys attributable to the fiscal year in which the debt is issued.

Authorized Types of Debt

The Superintendent or designee shall recommend to the Board potential financing method(s) that result in the highest benefit to the district, with the cost of staff and consultants considered. Potential financing sources may include:

1. Short-Term Debt
 - a. Short-term debt, such as tax and revenue anticipation notes (TRANs), when necessary to allow the district to meet its cash flow requirements (Government Code 53850-53858)
 - b. Bond anticipation notes (BANs) to provide interim financing for capital bond projects that will ultimately be paid from general obligation bonds (Education Code 15150)
 - c. Grant anticipation notes (GANs) to provide interim financing pending the receipt of grants and/or loans from the state or federal government that have been appropriated and committed to the district (Government Code 53859-53859.08)
2. Long-Term Debt
 - a. General obligation bonds for projects approved by voters (California Constitution, Article 13A, Section 1; Education Code 15100-15262, 15264-15276; Government Code 53506-53509.5)

(cf. 7214 - General Obligation Bonds)

DEBT ISSUANCE AND MANAGEMENT (continued)

- b. Special tax bonds issued pursuant to the Mello-Roos Community Facilities Act of 1982 (Government Code 53311-53368.3)
(cf. 7212 - Mello Roos Districts)
- 3. Lease financing, including certificates of participation (COPs)
 - a. Lease financing to fund the highest priority capital equipment purchases when pay-as-you-go financing is not feasible (Education Code 17450-17453.1)
 - b. Lease financing to fund facilities projects when there is insufficient time to obtain voter approval or in instances where obtaining voter approval is either not feasible or unavailable (Education Code 17400-17429)
- 4. Special financing programs or structures offered by the federal or state government, such as Qualified Zone Academy Bonds or other tax credit obligations or obligations that provide subsidized interest payments, when the use of such programs or structures is determined to result in sufficiently lower financing costs compared to traditional tax-exempt bonds and/or COPs
- 5. Temporary borrowing from other sources such as the County Treasurer

COPs, TRANs, revenue bonds, or any other non-voter approved debt instrument shall not be issued by the district in any fiscal year in which the district has a qualified or negative certification, unless the County Superintendent of Schools determines, pursuant to criteria established by the Superintendent of Public Instruction, that the district's repayment of that indebtedness is probable. (Education Code 42133)

Relationship of Debt to District Facilities Program and Budget

Decisions regarding the issuance of debt for the purpose of financing capital improvement shall be aligned with current needs for acquisition, development, and/or improvement of district property and facilities as identified in the district's facilities master plan or other applicable needs assessment, the projected costs of those needs, schedules for the projects, and the expected resources.

The cost of debt issued for major capital repairs or replacements shall be evaluated against the potential cost of delaying such repairs and/or replacing such facilities.

When considering a debt issuance, the Board and the Superintendent or designee shall evaluate both the short-term and long-term implications of the debt issuance and additional operating costs associated with the new projects involved. Such evaluation may include, but is not limited to, the projected ratio of annual debt service to the tax burden on the district's taxpayers and the ratio of annual debt service secured by the general fund to general fund expenditures.

DEBT ISSUANCE AND MANAGEMENT (continued)

The district may enter into credit enhancement agreements such as municipal bond insurance, surety bonds, letters of credit, and lines of credit with commercial banks, municipal bond insurance companies, or other financial entities when their use is judged to lower borrowing costs, eliminate restrictive covenants, or have a net economic benefit to the financing.

Structure of Debt Issues

The district shall consider the overall impact of the current and future debt burden of the financing when determining the duration of the debt issue.

The district shall design the financing schedule and repayment of debt so as to take best advantage of market conditions, ensure cost effectiveness, provide flexibility, and, as practical, recapture or maximize its debt capacity for future use. Principal amortization will be structured to meet debt repayment, tax rate, and flexibility goals.

For new money debt issuances for capital improvements, the district shall size the debt issuance with the aim of funding capital projects as deemed appropriate by the Board, as long as the issuance is consistent with the overall financing plan, does not exceed the amount authorized by voters, and, unless a waiver is sought and received from the state, will not cause the district to exceed the limitation on debt issuances specified in the California Constitution or Education Code 15106.

To the extent practicable, the district shall also consider credit issues, market factors, and tax law when sizing the district's bond issuance. The sizing of refunding bonds shall be determined by the amount of money that will be required to cover the principal of, any accrued interest on, and any redemption premium for the debt to be paid on the call date and to cover appropriate financing costs.

Any general obligation bond issued by the district shall mature within 40 years of the issuance date or as otherwise required by law. (California Constitution, Article 16, Section 18; Government Code 53508.6)

The final maturity of equipment or real property lease obligations will be limited to the useful life of the assets to be financed but, with respect to a lease purchase of equipment, no longer than a period of 10 years. (Education Code 17452)

Method of Sale

For the sale of any district-issued debt, the Superintendent or designee shall recommend the method of sale with the potential to achieve the lowest financing cost and/or to generate other benefits to the district. Potential methods of sale include:

1. A competitive bidding process through which the award is based on, among other factors, the lowest offered true interest cost

DEBT ISSUANCE AND MANAGEMENT (continued)

2. Negotiated sale, subject to approval by the district to ensure that interest costs are in accordance with comparable market interest rates
3. Private placement sale, when the financing can or must be structured for a single or limited number of purchasers or where the terms of the private placement are more beneficial to the district than either a negotiated or competitive sale

Investment of Proceed

The district shall actively manage the proceeds of debt issued for public purposes in a manner that is consistent with state law governing the investment of public funds and with the permitted securities covenants of related financing documents executed by the district. Where applicable, the district's official investment policy and legal documents for a particular debt issuance shall govern specific methods of investment of bond-related proceeds. Preservation of principal shall be the primary goal of any investment strategy, followed by the availability of funds and then by return on investment.

(cf. 3430 - Investing)

With regard to general obligation bonds, the district shall invest new money bond proceeds in the county treasury pool as required by law. (Education Code 15146)

The management of public funds shall enable the district to respond to changes in markets or changes in payment or construction schedules so as to ensure liquidity and minimize risk.

Refunding/Restructuring

The district may consider refunding or restructuring outstanding debt if it will be financially advantageous or beneficial for debt repayment and/or structuring flexibility. When doing so, the district shall consider the maximization of the district's expected net savings over the life of the debt issuance and, when using a general obligation bond to refund an existing bond, shall ensure that the final maturity of the refunding bond is no longer than the final maturity of the existing bond.

Internal Controls

The Superintendent or designee shall establish internal control procedures to ensure that the proceeds of any debt issuance are directed to the intended use. Such procedures shall assist the district in maintaining the effectiveness and efficiency of operations, properly expending funds, reliably reporting debt incurred by the district and the use of the proceeds, complying with all laws and regulations, preventing fraud, and avoiding conflict of interest.

(cf. 3314 - Payments for Goods and Services)

(cf. 3400 - Management of District Assets/Accounts)

The district shall be vigilant in using bond proceeds in accordance with the stated purposes at

DEBT ISSUANCE AND MANAGEMENT (continued)

the time such debt was incurred as defined in the text of the voter-approved bond measure. (Government Code 53410)

When feasible, the district shall issue debt with a defined revenue source in order to preserve the use of the general fund for general operating purposes.

The district shall annually conduct a due diligence review to ensure its compliance with all ongoing obligations applicable to issuers of debt. Such a review may be conducted by general legal counsel or bond counsel. Any district personnel involved in conducting such reviews shall receive periodic training regarding their responsibilities.

In addition, the Superintendent or designee shall ensure that the district completes, as applicable, all performance and financial audits that may be required for any debt issued by the district, including disclosure requirements applicable to a particular transaction.

Records/Reports

At least 30 days prior to the sale of any debt issue, the Superintendent or designee shall submit a report of the proposed issuance to the California Debt and Investment Advisory Commission (CDIAC). Such report shall include a self-certification that the district has adopted a policy concerning the use of debt that complies with law and that the contemplated debt issuance is consistent with that policy. (Government Code 8855)

On or before January 31 of each year, the Superintendent or designee shall submit a report to the CDIAC regarding the debt authorized, the debt outstanding, and the use of proceeds of the issued debt for the period from July 1 to June 30. (Government Code 8855)

The Superintendent or designee shall provide initial and any annual or ongoing disclosures required by 17 CFR 240.10b-5 and 240.15c2-12 to the Municipal Securities Rulemaking Board, investors, and other persons or entities entitled to disclosure, and shall ensure that the district's disclosure filings are updated as needed.

The Superintendent or designee shall maintain transaction records of decisions made in connection with each debt issuance, including the selection of members of the financing team, the structuring of the financing, selection of credit enhancement products and providers, and selection of investment products. Each transaction file shall include the official transcript for the financing, interest rates and cost of issuance on the day when the debt was sold ("final number runs"), and a post-pricing summary of the debt issue. In addition, documentation evidencing the expenditure of proceeds, the use of debt-financed property by public and private entities, all sources of payment or security for the debt, and investment of proceeds shall be kept for as long as the debt is outstanding, plus the period ending three years after the financial payment date of the debt or the final payment date of any obligations or series of bonds issued to refund directly or indirectly all of any portion of the debt, whichever is later.

DEBT ISSUANCE AND MANAGEMENT (continued)

The Superintendent or designee shall annually report to the Board regarding debts issued by the district, including information on actual and projected tax rates, an analysis of bonding capacity, ratings on the district's bonds, market update and refunding opportunities, new development for California bond financings, and the district's compliance with post-issuance requirements.

PARCEL TAXES

The Board of Trustees recognizes its obligation to provide a high-quality educational program within safe facilities and secure campuses, and that additional funds are at times necessary to fulfill this responsibility. The Board may consider appropriate methods of financing and, when it is in the best interest of the district, may order the placement of a parcel tax on the ballot for approval by the voters.

(cf. [3470](#) - Debt Issuance and Management)

(cf. [7110](#) - Facilities Master Plan)

(cf. [7210](#) - Facilities Financing)

(cf. [7214](#) - General Obligation Bonds)

The Board shall hold a noticed public hearing prior to approving a resolution for the adoption of a parcel tax. The resolution shall be approved by a two-thirds vote of the Board in order to be placed on the ballot. The resolution shall include the type and rate of the tax to be levied, the method of collection, and the date upon which an election shall be held to approve the levy of the tax. (Government Code [50077](#), [53724](#))

(cf. [9320](#) - Meetings and Notices)

(cf. [9323.2](#) - Actions by the Board)

The parcel tax shall apply uniformly to all taxpayers or all real property within the district, except that unimproved property may be taxed at a lower rate than improved property. (Government Code [50079](#))

The Board shall consult with legal counsel to ensure compliance with all requirements of law, including its determination of the appropriate amount of the proposed parcel tax and whether exemptions from the tax will be granted.

Any parcel tax to be proposed for voter approval shall provide for accountability measures, including, but not limited to, a statement indicating the specific purposes of the special tax and that the proceeds of the tax shall be used only for the specific purposes identified, creation of a separate account into which the proceeds shall be deposited, and annual reporting pursuant to Government Code [50075.3](#). (Government Code [50075.1](#))

No district funds, services, supplies, or equipment shall be used to support or defeat a parcel tax ballot measure. The Superintendent or designee may use district resources to provide students, parents/guardians, and community members with fair and impartial information related to a parcel tax ballot measure, including information about the impact of the parcel tax on the district. (Education Code [7054](#))

(cf. [1160](#) - Political Processes)

(cf. [4119.25/4219.25/4319.25](#) - Political Activities of Employees)

PARCEL TAXES (continued)

Upon approval of the tax by two-thirds of the votes, the district may levy the tax or contract with the county to collect the tax on the district's behalf. (Government Code [50077](#))

Exemptions

The Board may grant an exemption from the parcel tax for any or all of the following: (Government Code [50079](#))

1. Persons who are 65 years of age or older
2. Persons receiving Supplemental Security Income for a disability, regardless of age
3. Persons receiving Social Security Disability Insurance benefits, regardless of age, whose yearly income does not exceed 250 percent of the 2012 federal poverty guideline issued by the U.S. Department of Health and Human Services

Any exemption granted by the Board shall remain in effect until the taxpayer becomes ineligible. If the taxpayer becomes ineligible for the exemption for any reason, a new exemption may be granted in the same manner. (Government Code [50079](#))

If the district provides for an exemption from the parcel tax and contracts or enters into an agreement with the county to collect such tax, the district shall annually provide to the tax collector a phone number where requests for exemption information may be directed and the link, if available, to the location on the district's web site that contains exemption information and the application for exemption.
